To: Present and Pass Brothers of Eta Gamma Chapter
of Alpha Phi Alpha Fraternity PVAMU

From: Brother Kenneth Henson

Former President of Epsilon Iota Extension Chapter from the University of Texas at Austin of Alpha Phi Alpha at PVAM College.

Subject: Clarification of the Process used in Establishing Eta Gamma Chapter
of Alpha Phi Alpha at PVAM College and identification of Charter Members

Once the New Breed 19 pledge line was initiated, the brothers of the chapter decided to apply for our own chapter. Before we submitted our application, we had to ensure that we met all the prerequisites for establishing a chapter i.e., GPA above a 2.5 and was active in the College activities. At that time the cumulative GPA of the chapter was 3.25 and we had brothers holding positions in the Student Government, Advance Army ROTC, Advance Navy ROTC and the year book staff.

Each brother of the chapter fully participated in the process of establishing the chapter from its inception to the end. The application fee was paid by the chapter, which was dues paid by all members of the chapter. All the brothers National and Chapter dues were paid in full.

Once we received the charter, we realized that there were not enough signature lines on the charter for each brother to sign. There were 47 active brothers in the chapter. I decided to be fair, that each line still represented at PV would sign the charter and I allocated the number of signatures per line. The individual lines voted on who would be the signatories for each line.

The below pledge lines and brothers named fully participated in the process of establishing the chapter from its inception to the end and paid their portion of all fees involved and are charter members of Eta Gamma chapter of Alpha Phi Alpha Fraternity at PVAMU.

Line Name unknown Epsilon Iota Extension Fall 1966
Bruce Poindexter
Charles Muse

Magnificent Seven Epsilon Iota Extension Fall 1967
Kenneth Hinson
James E. Tarver
Lafayette Collins
